

TEAM WEB PAGE SPONSORSHIP OPPORTUNITIES

WHAT YOUR SPONSORSHIP INCLUDES

As an individual team page sponsor, your company or business will have their logo featured between the team roster and team schedule on the Stingrays website. That logo will also link to the company or business' own web page of choice.

INDIVIDUAL TEAM PAGE SETUP

The Stingrays select their rosters in early February after three months of team training. Until that time, during the months of September through January, all players will be featured on a web page based on their age group for the upcoming season. Once the teams are determined in February, players will be moved to form individual team pages. Your company or business will have their logo and link on the age group pages until February where they will be placed on the individual team page of your choice.

SPONSORSHIP LENGTH

Sponsorship term will run through October 1st, 2026.
